

MOAI

COLLECTION 2024

PARADISE IS JUST A PADDLE AWAY

Aloha! Meet MOAI. The ideal board for every SUP lover, beginner or experienced.

MOAI boards are inflatable and made of high quality and innovative materials. They are fabricated with fusion, woven, or stringer-technology. It makes them light, more durable and environmentally friendly.

These kind of technologies provide excellent stiffness and stability. With all their own features, they make each board unique in its kind.

Besides SUP boards, kayaking and boats have also made their entrance at MOAI.

At MOAI we believe in quality, durability, and portability, to give consumers the best possible experience on the water. Each board is standard provided as a package with all necessary accessories to hit the water out of the box.

Our products are consumer friendly priced and have competitive retail purchase prices with strong retail margins.

Designed in Holland, inspired by the Polynesian inventors of paddle boarding.

ABOUT OUR PRODUCTS

Inflatable only

At MOAI we focus on recreational use. All our SUP models are inflatable, and there for portable and easy to carry to any location. The SUP and its accessories can easily be stored in the MOAI trolley backpack.

Fusion technology

Most of our MOAI boards are made with fusion technology. Fusion technology reduces the amount of glue drastically, which makes the boards 25% lighter, more durable and more environmentally friendly.

Woven technology

The latest technology in this industry is woven technology. Because of the crossed yarns it will need less material of equal dimensions and that makes it more environmentally friendly. It has a high strength-to-weight ratio. This created two ultra light SUP boards.

Stringer technology

Following on from the other technologies we now have stringer technology, which is almost the same as double layer drop stitch. The difference is the addition of the reinforced PVC stringer along the top and bottom centerline. It significantly increases the board stiffness.

Full package

At MOAI, we want to make sure our customers have the best possible experience. Each board is standard provided as a package with all necessary accessories to hit the water out of the box. This season we added a fiberglass paddle and upgraded backpack in the standard package.

LIGHT, RIGID & STABLE.*

MOAI ALL-ROUND 9'5"

SUP and Surf

Dimensions

9'5" x 30" x 5"
287 x 76 x 12,7 cm

Max weight

110 kg

Product weight

8 kg

Volume

215 liters

Board technology

Double layer

Max pressure

18 psi

The MOAI 9'5 all-round SUP is especially created for the more smaller and medium sized users. The board is easy to turn, rigid and stable, despite its smaller length and thickness.

The board is smaller and thinner than our other boards, which makes it suitable for surfing in smaller waves.

Full package

At MOAI, we want to make sure our customers have the best possible experience. Each board is standard provided as a package with all necessary accessories to hit the water out of the box.

Board details

- Center handle to carry the board
- Several D-rings & 1x cargo net on the top
- Comfortable EVA pad (cushioned foam)
- D-ring at the bottom for a safety leash
- Detachable center fin (US fin box)

Looking for a yoga mat that is eco-friendly, durable and comfortable? Look no further than our MOAI yogamat! This mat is made from natural cork and rubber, which are renewable and biodegradable materials. Cork is naturally antimicrobial, anti-slip and odor-resistant, making it ideal for yoga practice. Rubber provides cushioning and stability, while also being latex-free and non-toxic. Our MOAI cork yogamat is also lightweight and easy to roll up, so you can take it anywhere you go.

Reach nirvana anywhere anytime

Whether you practice at home, in the studio or outdoors, our MOAI yogamat will support you in every pose.

MOAI DECKPAD

Extra board space

This deckpad is specially designed to fit any supboard and provide you with a comfortable and stable surface for your yoga practice. Whether you want to relax with some gentle poses or challenge yourself with more advanced ones, our deckpad will support you and help you connect with nature. Made of high-quality EVA foam that is soft, durable and water-resistant.

Deckpad details

- 100% Compatible for every supboard
- Available in 3 amazing designs
- Easy to set up and perfectly secure

MOAI BALANCE BOARD

Looking for a fun and easy way to improve your balance, posture and fitness? Look no further than our MOAI balance board! This board is designed to challenge your core stability and coordination, while also providing a low-impact workout for your legs and ankles. You can use it for standing exercises, push-ups, planks, squats and more.

Become balanced in life

Whether you want to spice up your yoga routine, practice your sup skills or just have some fun, our MOAI balance board is the perfect choice for you!

- Center handle to carry the board
- Comfortable EVA pad (cushioned foam)
- Detachable center fin (slide-in)
- Exclusive design

MOAI 10'8

COMPACT CITY SUP

A silhouette of two people standing on a dirt shore, each carrying a large inflatable stand-up paddleboard (SUP). They are facing away from the camera, looking out over a body of water towards a city skyline at sunset. The sun is low on the horizon, creating a strong backlight effect and reflecting on the water. The person on the left is shirtless and holding the SUP with both hands. The person on the right is wearing a long-sleeved shirt and pants, also holding the SUP. The city skyline in the background includes several tall buildings, one of which is brightly lit.

As the name suggests, the board is very compact. A revolutionary smart folding concept to make the sup as compact as possible.

We've made transportation even easier! The board is produced in a way that it can be folded compactly with a new folding technique. Possible through innovative adjustments like two center side fins. Easy to carry because it all fits into a small backpack.

It takes up even less space when stored. This board is also designed with the well-known MOAI pattern.

Available in two sizes.

Full package

At MOAI, we want to make sure our customers have the best possible experience. Each board is standard provided as a package with all necessary accessories to hit the water out of the box.

A man and a woman are kayaking on a calm lake during the golden hour of sunset. They are in a tandem inflatable kayak, with the man at the front and the woman at the back. Both are wearing light-colored t-shirts and using black paddles. The kayak has a grey and blue patterned design. The background features a forested shoreline with hills under a warm, orange-hued sky. A tree branch hangs down from the top right corner.

MOAI DOG LIFEJACKET

Protect your furry friend

If you love taking your dog on water adventures, you'll want to check out our MOAI dog lifejacket. It's designed to keep your pup safe and comfortable in any situation. Whether you're kayaking, boating, surfing, or supping, our lifejacket will help your dog stay afloat and visible. Plus, it has a convenient handle on the back for easy lifting and rescue.

Deckpad details

- Easy handle for lifting and rescue
- Available in different sizes for every breed
- Soft material to prevent chafing

BALTIC x MOAI
LIFEJACKETS SWEDEN

We partnered with Baltic, the leading manufacturer of lifejackets in Europe, to bring you the best quality and performance. Baltic has over 40 years of experience in making lifejackets for humans and animals, and they use only the finest materials and craftsmanship. Their products are tested and certified to meet the highest safety standards.

Our MOAI dog lifejacket comes in a custom design and different sizes to suit any breed and style. It's easy to adjust and secure with buckles and straps, and it has a soft fleece lining to prevent chafing. It has a reflective strip for extra visibility and safety. Combined with a handle so you can easily help your furry friend from the water on to any MOAI supboard.

ABOUT MOAI.

MOAI is a brand of Q Watersports in The Netherlands. Q Watersports is a full service wholesale and distribution organization. We are specialized in watersports, outdoor and recreational products.

Our ambition is to create the most innovative and qualitative water sport products in the industry, with a cutting-edge design, and affordable for the recreational market.

Founded in 2009, we have over 14 years of experience in the industry, and our dedicated team is specialized in distribution, product development and (retail) marketing – but above all, we love stand up paddle boarding more than anything.

We have a dedicated team that cares about your business and your customers. We operate from Zevenaar in the Netherlands, on the border with Germany.
